All logs from new

History:

The seller is based in Akureyri, Iceland. There are two Cessna 206 aircrafts for sale and each was part of a larger asset acquisition deal from Mýflug air (<https://www.myflug.is/en>) which is the process of closing down or changing their business model. Mýflug has operated these aircrafts for a very long time, basing them at Lake Myvatn (you can still see some of the tours which they operated on their website).

Interior Details:

Six forward facing seats

Exterior Details:

White forward with and Blue aft section

Asking Price:

USD\$ 188,500 - Plus VAT in EU27 & Iceland, and plus Import VAT in the UK

Note: A buyer from the UK will have to formally import the aircraft and pay Import VAT

Aircraft are offered subject to Verification and Availability. E+OE.
 We always recommend a Pre-Purchase Inspection before committing to a purchase. For more information contact DERRICK INGS AIRCRAFT SALES
